A Paintball Marker Licence is only required if you wish to:

**NOTE:** Paintball markers may **only** be used for the purpose of engaging in paintball activities at locations approved by the Chief Commissioner and a Paintball Marker Licence may only be issued for this purpose.

## Part 3 – Firearm Storage

As a condition of a Paintball Marker Licence, you must be able to store your paintball markers in a manner that is considered safe by the Chief Commissioner of Police. The storage standards for paintball markers are the same as for Category A and Category B firearms. The following is a brief summary of the storage requirements.

### Paintball Marker Storage requirements

- Paintball markers must be stored in a hard wood or steel container that is not easy to penetrate.
- If the container weighs less than 150 kg when empty, it must be securely fixed to the floor or wall frame.
- When a firearm is in the container, the container **MUST** be locked with a lock of sturdy construction.
- The premises must have an 'intruder alarm system' if more than 15 firearms are stored on the premises. 'Intruder alarm system' means an alarm system which is installed, maintained and operated in accordance with Australian Standard 2201.1:2007 (as amended from time to time) and which, in the event of an intrusion, activates an audible alarm warning device and an external visible alarm warning light.

**NOTE: Your storage arrangements may be inspected at any reasonable time to ensure compliance with the Act.**

## Part 4 – Medical History

### How to complete Part 4

Cross "Yes" or "No" in response to **every** question.

If you answer "**Yes**" to any question, you must staple a current medical report to the back of this application.

### The report must

- **be on** a registered medical doctor's letterhead;
- **be current, legible and written by** a medical doctor who has treated you for the relevant condition(s), or is familiar with your condition(s);
- **outline** the medical condition(s) for which you are being, or have been, treated;

- **state that**, in his/her professional opinion, whether your medical condition(s) do(es) or do(es) not cause you to be a danger to public safety or peace in holding a firearm licence or possessing firearms; and
- **be signed and dated**.

Failure to include all of this information in the report will result in your application being returned with the request for a medical report that does contain all of the required information.

## Part 5 – Previous History

### How to complete Part 5

Cross "Yes" or "No" in response to every question.

If you answer "**Yes**" to any question, supply additional information as requested.

### Section A – Offences

- Definitions**
- **Convicted** means that a charge has been proven, and a formal record of conviction has been made. It does not matter how long ago you were convicted or what penalty was imposed.
  - **Found guilty without a conviction being recorded** means that a charge has been proven but no formal record of a conviction was made (e.g. your court result could read "Without Conviction"). It does not matter how long ago you were found guilty or what penalty was imposed.
  - **Charges outstanding** means that you have been formally charged with an offence that has not yet been heard in a court of law. If this is applicable, you will have been served with a summons or charged and notified of a court date.

If you answer "**Yes**" to any question in this section, write the state and/or country where this occurred in the boxes provided. If there is insufficient space, please attach a list to the back of the application.

### Section B – Licence Refusal/Cancellation

You must cross the appropriate box to indicate if you have **ever** been refused a licence or permit for a firearm **AND** you must cross the appropriate box to indicate if you have **ever** had a licence or permit for a firearm cancelled.

If you answer "**Yes**" to either question, you must write the year in the boxes provided.

**Please note** that previous licence refusal or cancellation does not necessarily preclude you from obtaining approval for this application.

### Section C – Intervention Order

An Intervention Order is an order made under the *Crimes (Family Violence) Act 1987*, the *Family Violence Protection Act 2008*, or the *Stalking Intervention Orders Act 2008* or an order of a corresponding nature made in another State or a Territory. You must select 'yes' in this section if you have been subject to **any type** of intervention order.

### Section D – Application to be deemed not to be a Prohibited Person

If a person is defined as a "prohibited person" under the *Firearms Act 1996* then they cannot be approved to hold a firearms licence. However, the Act allows certain "prohibited persons" to apply to a Court to be deemed to **not** be a prohibited person.

Detail as to which offences and Intervention Orders can make you a "prohibited person" can be found in section 3 of the *Firearms Act 1996*. The circumstances under which you may apply to be deemed not to be a prohibited person can be found in section 189 of the same Act. The *Firearms Act 1996* can be found at <http://www.dms.dpc.vic.gov.au/>

## Part 9 – Confirmation of Currently Owned Firearms

### How to complete Part 9

You must indicate if you currently own firearms. If you answer “Yes”, you must supply full details of all currently owned firearms.

#### Firearm details

- “UNKNOWN” must not be used in any fields. If you are unsure about any firearms details, you must seek assistance from an authorised firearms identifier (most licensed firearms dealers are authorised firearms identifiers). Firearm descriptions using “UNKNOWN” in any fields will result in the form being returned to you for amendment.
- **Calibre** - For combination and multi barrel firearms with more than one calibre, please specify each calibre.
- **Serial Number** - A correct serial number appropriate to the make and model of the firearm must be supplied. Take care to avoid part numbers or product numbers on grips etc. **Invalid numbers will delay your application.** If you are not sure of the serial number, seek assistance from an authorised firearms identifier (most licensed firearms dealers are authorised firearms identifiers).
- **Magazine/Firearm Capacity** - If the firearm has a magazine, record the capacity of the largest magazine in your possession for that firearm. If the firearm is not manufactured with a magazine, record the firearm capacity.
- **Barrel Length** – The barrel length of any handguns you possess must be recorded. This field is only applicable to handguns. For revolvers, the barrel should only be measured from the muzzle to the forcing cone (cylinder measurement is not required). Semi-automatic and single shot pistols should be measured with action shut and measurements should be taken with a rod from the breech face to the muzzle. Ramps, shrouds, muzzle breaks, flash suppressors or similar protrusions are not to be included in the barrel length measurement (unless the forward protrusion is permanently affixed).

**NOTE:** Licensing & Regulation Division may require you to take your firearms to an authorised firearms identifier if there is concern about any of the details included as descriptors of your firearm.
