→ PUBLIC TRANSPORT SAFETY TIPS

- Plan your journey to minimise time spent waiting at stations at night
- Choose a well lit and clear walking path to and from the station
- Take notice of your surrounding – the people, the lighting – and how these might impact on your safety and travel

- Take the time to locate safety features – emergency buttons, CCTV cameras, safety zones and public transport staff
- Keep your valuables concealed and secure
- If you feel unsafe alert public transport staff, police or other passengers to help.

See something? Say something.

Police need to know where the problem is in order to respond.

- If you are in danger or see a crime being committed call **Triple Zero (000)**.

YOUR TRAVEL SAFETY GUIDE

→ STAY SAFE ON PUBLIC TRANSPORT

→ STAY SAFE ON PUBLIC TRANSPORT

When you use public transport, the chance of being a victim of crime is very low. And police are working hard to make it even safer.

→ NUMBERS

504

million passenger trips on public transport each year

3500

CCTV cameras on platforms

350

transit safety police by 2012

525

public transport authorised officers

940

protective services officers by end of 2014

→ WHAT ARE POLICE DOING?

Victoria Police works with our transport partners to make sure we have a system where community members are safe and feel safe.

We are:

- 🚔 Patrolling trains, trams, stations and stops in uniform and plain clothes
- 🚔 Having our transit safety police working from early morning and throughout the night
- 🚔 Responding quickly to crime with a roving transit safety strike team
- 🚔 Continuing with search operations to remove knives and other weapons from our community
- 🚔 Carrying out blitzes to target anti-social behaviour, alcohol and drug-related offences, property damage and assaults
- 🚔 Rolling out Protective Services Officers to patrol stations from 6pm until last train.
