Part 5 - Previous History (All applicants must complete each section in this part)

You also have a right to apply to a court to be deemed not to be a Prohibited Person and you should indicate if you have done this. Part 6 – Storage

Please advise what storage requirements you have in place to prevent the theft of these prohibited weapons whilst in your possession

Storage requirements

Prohibited Weapons owned or possessed under this Chief Commissioner’s Prohibited Weapons Approval must be stored in the following manner:

Imitation firearms (including laser/infrared devices) are to be stored safely and securely in a manner to ensure that:

- The devices are not readily accessible to others;
- The devices are not available for possession, carriage or use by others unless they are also holders of a Chief Commissioner of Police Approval (Prohibited Weapons) issued for the same reason or are otherwise exempt (if applicable); and
- When being transported between the usual place of storage and place(s) at which the devices are legitimately used (the reason of which is stated in this authority), they are stored in a manner that is not readily accessible to others and concealed from plain sight.

Blow guns may be on open display in the approval holder’s home, but both ends must be sealed, and all darts surrendered.

Body armour must be stored in safe and secure manner.

Swords must be stored in a manner to ensure that they are **not**:

- (i) readily accessible to anybody other than holder of the Chief Commissioner’s Prohibited Weapons Approval or Government in Council Exemption; or

Other prohibited weapons should be stored in a locked cupboard, cabinet or safe of sturdy construction. If the storage unit is glass fronted, the glass must be at least 5mm thick. If the mass weight of the storage unit is less than 150kg, it must be affixed to either the frame of the floor or wall (where applicable) so as to prevent easy removal.
