

Climate Change Strategy 2025-2030

Resilient, Capable, Committed

VICTORIA POLICE

PURPOSE

Reduce greenhouse gas emissions and build a police service more resilient to climate change.

VISION

The community have confidence in our preparedness for climate change.

OBJECTIVES

CREATE CLIMATE-RESILIENT POLICE SERVICES

We achieve this when:

We have the systems, tools and workforce capabilities to deliver a sustained response to increased frequency and duration of emergency events.

BUILD A CLIMATE CAPABLE ORGANISATION

We achieve this when:

We use our community leadership skills to plan and prepare for the impacts of a changing climate on our organisation and the communities we serve.

REDUCE GREENHOUSE GAS EMISSIONS

We achieve this when:

We reduce emissions and minimise environmental impact across operational and procurement activities.

WHY: OUR OUTCOMES

INCREASE the number of members trained in emergency management by 10% by 2030.

REDUCE greenhouse gas emissions by 50% by 2030.

OUR ACTIONS

- » Review the resource model used for major emergencies.
- » Expand the Joint Logistics Deployment program for emergency readiness.
- » Improve crisis communication systems with cross-border jurisdictions.
- » Work with the Australian Red Cross to upgrade the Register Find Reunite system to reunite loved ones during and after emergencies.

- » Improve the identification, assessment and control of climate-related risks facing Victoria Police.
- » Improve longer-term planning and preparedness for the effects of climate change, including performance monitoring.
- » Work with the community to instil understanding of the roles and responsibilities of agencies in any situation.

- » Build or refurbish police stations based on environmentally sustainable design standards.
- » Transition buildings from fossil fuel sourced energy to renewable energy.
- » Explore current vehicle use patterns and options for zero emission vehicles.
- » Make better choices for the environment when purchasing goods and services.
